

Department of physiology Katwa college

Institutional Visit Report:

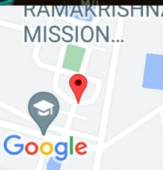

An institutional visit was arranged by the bio-science departments (physiology, Zoology and Physiology) of Katwa college on dated 07/02/2024 .Thirty students were participated in this visit. Out of them ten students were from the Physiology department. From our department Mrs. Subhasree Sana, assistant professor, department of physiology, Katwa college guided our students to visit this institution. At first the students visited the Belur Math and then they went to Ramkrishna mission Vidya Mandira. Swami Mahaprajnananda, principal of this institute met our students and he delivered a valuable speech for the students. Then students visited their library. An excellent and huge collection of books are there that motivated our students to assess the reference books from the library for self study. Then they were visited to the microbiology and zoology laboratory, Where students introduced many new instruments like incubator, small centrifuge, large centrifuge magnetic rotar, PCR, pH meter, spectrophotometer, vortex, water bath and also learnt their functions in the practical field. they also visit the specimen laboratory of zoology department. After this visit they returned their home same day.

Objective of the visit

- ✓ To increase awareness of higher education.
- ✓ To motivate student choosing research as their carrier.

Outcome the visit

Students enjoyed all the day. Some of them were asking Maharaj about the entrance exams of various higher education programmes. Maharaj assured them to conduct a workshop on practical knowledge of instruments.
